Safety Data Sheet · MouseStop Premium

This Safety Data Sheet has been prepared in accordance with Annex II to Regulation (EC) No. 1907/2006 (REACH), as amended by Commission Regulation (EU) 2020/878. The product has been classified in accordance with Regulation (EC) No. 1272/2008 (CLP), as amended. Version 6.0/EN Revision Date 08.10.2026.

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product form: Mixture

Product name: Mousestop Premium

Product codes: 8719189275025 & 8719189275032

Unique Formula Identifier (UFI): Not required.

1.2 Relevant identified uses of the substance or mixture and uses advised against

Main use category:
Industrial use, professional use, consumer use.

Use of the substance/mixture:
Seals cracks, seams and holes to prevent ingress from rodents.

Uses advised against

Restrictions on use:
This product should not be used for applications other than those identified above without first obtaining the advice of the supplier.

1.3 Details of the supplier of the safety data sheet

iPest Control BV
Mondriaanlaan 6
1701 TD Heerhugowaard. The Netherlands
Tel. 0031(0)725347324
Contact person: Jelle Appelman
E-mail: info@ipestcontrol.com

1.4 Emergency Telephone number

Contact iPest Control on Telephone no.: 0031(0)725347324 (office hours only). Look at section 4 for first aid measures.

SECTION 2: Hazards identification

2.1 Classification of the substance/mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP]:
Not classified

Adverse physicochemical, human health and environmental effects
No additional information available

2.2 Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP]:

Precautionary statements (CLP):
P102: keep out of reach of children.
P103: Read the instructions before use.

2.3 Other hazards

Contains no PBT and/or vPvB substances ≥ 0,1% assessed in accordance with REACH Annex XIII.
The mixture does not contain substance(s) included in the list established in accordance with Article 59 of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal or greater than 0,1%.

Other hazards which do not result in classification:
Self-ignition of soiled cloths or rags is possible by autoxidation.

SECTION 3: Composition/information on ingredients

3.2 Mixture

This mixture does not contain any substances to be mentioned according to the criteria of section 3.2 of REACH annex II.

SECTION 4: First aid measures

4.1 Description of first aid measures

First-aid measures general:
Seek medical attention when symptoms occur, or in any case of doubt. Never give anything by mouth to an unconscious person. Place an unconscious person in recovery position and seek medical advice.

First-aid measures after inhalation:
Move person into fresh air. Seek medical attention when symptoms occur.

First-aid measures after skin contact:
Remove affected clothing and shoes. Skin that has been in contact with the material should be washed carefully with water and soap. Do not use solvents or thinner. In case of skin irritation consult a physician.

First-aid measures after eye contact:
Remove any contact lenses. Rinse immediately with plenty of water (preferably using eye wash equipment) until irritation stops, at least for 10 minutes. Make sure to flush the upper and lower eyelids. Consult an ophthalmologist.

First-aid measures after ingestion:
Do not induce vomiting, unless medical personnel indicates this should be done. Rinse mouth with water (only if the person is conscious). Keep person under surveillance. Seek medical advice. Never give anything by mouth to an unconscious person.

4.2 Most important symptoms and effects, both acute and delayed

Symptoms/effects after inhalation:
Not expected to present a significant inhalation hazard under anticipated conditions of normal use.

Symptoms/effects after skin contact:
Not expected to present a significant skin hazard under anticipated conditions of normal use.

Symptoms/effects after eye contact:
Not expected to present a significant eye contact hazard under anticipated conditions of normal use.

Symptoms/effects after ingestion:
Not expected to present a significant ingestion hazard under anticipated conditions of normal use.

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media:
Carbon dioxide (CO2), powder or foam, depending on work-environment. Use water or water mist to cool non-ignited stock.

Unsuitable extinguishing media:
Do not use a strong water jet, as it may spread the fire.

5.2 Special hazards arising from the substance or mixture

Fire hazard:
Self-ignition of contaminated cloths or rags is possible due to auto-oxidation.

Explosion hazard:
No direct explosion hazard.

Hazardous combustion products:
Possible formation of toxic fumes. Carbon dioxide. Carbon monoxide. In case of fire avoid breathing smoke.

5.3 Advice for firefighters

Firefighting instructions:
Evacuate the danger area. Move containers from the fire area if it can be done without personal risk. Use water spray or fog for cooling exposed containers. Fight fire from a safe distance and protected location. Use extinguishing media appropriate for surrounding fire. Prevent firefighting water from entering the environment.

Protection during firefighting:
Wear a self-contained breathing apparatus. Wear fire/flame resistant/retardant clothing. Do not attempt to take action without suitable protective equipment.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

General measures:
Remove ignition sources. Avoid all contact with skin, eyes or clothing.

For non-emergency personnel

Protective equipment :
See Section 7 & 8 for safe handling and personal protection.

Emergency procedures:
Evacuate unnecessary personnel. Avoid all contact with skin, eyes or clothing.

For emergency responders

Protective equipment:
See Section 7 & 8 for safe handling and personal protection.

Emergency procedures:
Evacuate unnecessary personnel. Avoid all contact with skin, eyes or clothing.

6.2 Environmental precautions

Avoid release to the environment.

6.3 Methods and materials for containment and cleaning

Cleaning should be done with cleaning detergent. Solvent should be avoided.

For containment:
Collect in closed and suitable containers for disposal.

Methods for cleaning up:
Clean contaminated objects and areas thoroughly in accordance with local regulations. Preferably use a cleaning agent for cleaning. Avoid using solvents.

Other information:
Spontaneous combustion of contaminated cloths or rags is possible due to auto-oxidation (see section 7).

6.4 Reference to other sections

Section 7: Handling and storage.
Section 8: Personal protection equipment.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Protective measures:
Use in well-ventilated areas. Handle with care. Use personal protection (section 8). No special technical measures are needed. Comply with safety regulations at work.

Measures to prevent fire:
Substance contains linseed oil. Linseed oil could combust spontaneously when absorbed by porous material (cotton waste or rag). Be aware of fire hazard in porous organic materials. Immerse rags in water.

Measures to prevent aerosol and dust generation:
Not applicable

Measures to protect the environment:
Do not allow to enter sewers, surface water or groundwater.

Advice on general occupational hygiene:
Work in well-ventilated areas. Avoid contact with skin, eyes and clothes. Wash hands and face before breaks and after work and take a shower if necessary. Do not eat, drink or smoke during use. Remove contaminated clothing. Wash contaminated clothing prior to re-use.

7.2 Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions:
There are no special storage requirements. Store at room temperature. Keep away from children, animals, food and ignition sources. Smoking and unauthorized personnel are prohibited. Store in closed original container.

Further information on storage conditions:
Protect containers against damage.

7.3 Specific use(s)

The product should only be used for applications described in section 1.2. Read instructions before use.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

National occupational exposure and biological limit values:
No additional information available

Recommended monitoring procedures:
No additional information available

Air contaminants formed:
No additional information available

DNEL and PNEC:
No additional information available

Control banding:
No additional information available

8.2 Exposure controls

Appropriate engineering controls

- Application takes place under adequate ventilation.
- Wash hands before breaks and after use. Do not eat, drink or smoke during use.
- Water and detergent should be available for use.
- Contaminated tools should be cleaned regularly.

Personal protective equipment [PPE]:
Wear recommended personal protective equipment.

Personal protective equipment symbol(s):

Eye protection:
Wear approved safety goggles (EN 166) where eye exposure is reasonably probable.

Skin and body protection:
Wear suitable protective clothing.

Hand protection:
Wear suitable gloves. It is recommended to use impermeable disposable gloves (EN 374) made of nitrile rubber (NBR) or neoprene rubber (HNBR).

Respiratory protection:
No specific recommendations.

Environmental exposure controls:
Avoid release to the environment

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state	: Paste.
Colour	: Grey.
Odour	: Typical natural oil.
Odour threshold	: No data available.
Melting point	: No data available.
Freezing point	: No data available.
Boiling point	: No data available.
Flammability	: No data available.
Explosive properties	: Presents no particular explosion hazard.
Lower explosive limit	: No data available.
Upper explosive limit	: No data available.
Flash point	: No data available.
Auto-ignition temperature	: No data available.
Decomposition temperature	: No data available.
pH	: No data available.
Viscosity, kinematic	: No data available.
Solubility	: Insoluble in water.
Partition coefficient n-octanol/water (Log Kow)	: No data available.
Vapour pressure	: No data available.
Vapour pressure at 50 °C	: No data available.
Density	: No data available.
Relative density	: No data available.
Relative vapour density at 20 °C	: No data available.
Particle characteristics	: Not applicable.

9.2 Other safety information

No additional information available.

SECTION 10: Stability and reactivity

10.1 Reactivity

Non-reactive under normal conditions of use and storage (section 7).

10.2 Chemical stability

Chemically stable under normal conditions of use and storage (section 7).

10.3 Possibility of hazardous reactions

No hazardous reactions under normal conditions of use and storage (section 7).

10.4 Conditions to avoid

Avoid extremely high- or low temperatures.

10.5 Incompatible materials

No additional information available.

10.6 Hazardous decomposition products

No hazardous decomposition products under normal conditions of use and storage (section 7).

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity (oral):
Not classified (based on available data, the classification criteria are not met).

Acute toxicity (dermal):
Not classified (based on available data, the classification criteria are not met).

Acute toxicity (inhalation):
Not classified (based on available data, the classification criteria are not met).

Skin corrosion/irritation:
Not classified (based on available data, the classification criteria are not met).

Serious eye damage/eye irritation:
Not classified (based on available data, the classification criteria are not met).

Respiratory or skin sensitization:
Not classified (based on available data, the classification criteria are not met).

Germ cell mutagenicity:
Not classified (based on available data, the classification criteria are not met).

Carcinogenicity:
Not classified (based on available data, the classification criteria are not met).

Reproductive toxicity:
Not classified (based on available data, the classification criteria are not met).

STOT-single exposure:
Not classified (based on available data, the classification criteria are not met).

STOT-repeated exposure:
Not classified (based on available data, the classification criteria are not met).

Aspiration hazard:
Not classified (based on available data, the classification criteria are not met).

11.2 Information on other hazards

Endocrine disrupting properties

Adverse health effects caused by endocrine disrupting properties:
The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1%.

Other information:
No experimental study on the product is available. The information given is based on our knowledge of the components and the classification of the product is determined by calculation.

SECTION 12: Ecological information

12.1 Toxicity

Ecology - general:
No ecological research has been carried out with the product. According to the criteria as stated in 4.1.3 of (EC) No. 1272/2008 this product is not hazardous to the environment.

Hazardous to the aquatic environment, short-term:
Not classified (acute)

Hazardous to the aquatic environment, long-term:
Not classified (chronic)

12.2 Persistence and degradability

No data available.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available.

12.5 Results of BPT and vPvB assessment

Based on the available information, the product does not contain PBT or vPvB substances according to the criteria of REACH Annex XIII.

12.6 Endocrine disrupting properties

The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1%.

12.7 Other adverse effects

No other adverse effects identified.

Section 13: Disposal considerations

13.1 Waste treatment methods

Waste treatment methods:
Dispose of contents/container in accordance with licensed collector's sorting instructions.

Sewage disposal recommendations:
Do not dispose waste into sewer.

Product/packaging disposal recommendations:
Dispose in a safe manner in accordance with local/national regulations.

Ecological waste information:
Avoid release to the environment.

European List of Waste (LoW, EC 2000/532:
08 04 10 (waste adhesive and sealants other than those mentioned in 08 04 09)

Other disposal recommendations:
Refer to protective measures in sections 7 and 8.

SECTION 14: Transport information

In accordance with ADR/RID/IMDG/IATA/AND.

ADR	RID	IMDG	IATA	ADN
14.1 UN number				
Not regulated				
14.2 UN proper shipping name				
Not regulated				
14.3 Transport hazard class(es)				
Not regulated				
14.4 Packing group				
Not regulated				
14.5 Environmental hazards				
Not regulated				

14.6 Special precautions for user

Overland transport	Transport by sea	Transport by air	Inland waterway transport	Transport by rail
Not regulated				

14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code

Not applicable.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU-Regulations:

REACH Annex XVII (Restriction List)
Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

REACH Annex XIV (Authorization List)
Contains no substance(s) listed on REACH Annex XIV (Authorization List)

REACH Candidate List (SVHC)
Contains no substance(s) listed on the REACH Candidate List

PIC Regulation (Prior Informed Consent)
Contains no substance(s) listed on the PIC list (Regulation (EU) 649/2012 concerning the export and import of hazardous chemicals)

POP Regulation (Persistent Organic Pollutants)
Contains no substance(s) listed on the POP list (Regulation (EU) 2019/1021 on persistent organic pollutants)

Regulation (EU) 2024/590 (Substances that Deplete the Ozone Layer)
This product does not contain substances regulated under this Regulation

VOC Directive (2004/42). VOC content: 0 %

Explosives Precursors Regulation (2019/1148)
Contains no substance(s) listed on the Explosives Precursors list (Regulation (EC) No. 2019/1148 on the marketing and use of explosives precursors)

Drug Precursors Regulation (273/2004)
Contains no substance(s) listed on the Drug Precursors list (Regulation (EC) No. 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

15.2 Chemical Safety Assessment

For this product a chemical safety assessment has not been carried out.

SECTION 16: Other information

Abbreviations and acronyms:
CLP = Classification, Labelling and Packaging Regulation [Regulation (EC) No. 1272/2008].
GHS = Globally Harmonised System of Classification and Labelling of Chemicals.
PBT = Persistent, Bioaccumulative and Toxic.
vPvB = Very Persistent and Very Bioaccumulative.
ADR = Accord européen relative au transport des marchandises Dangereuses par Route.
IMDG = International Maritime Dangerous Goods Code.
IATA = International Air Transport Association.
RID = Règlement concernant le transport international ferroviaire de marchandises.
MARPOL = International Convention For The Prevention of Pollution From Ships.
Revision date: 08.10.2026. Date of previous issue: 25.8.2023

Data sources
Prepared in accordance with Annex II to Regulation (EC) No. 1907/2006 (REACH), as amended by Commission Regulation (EU) 2020/878.
